

Coming from a family of engineers and scientists, Gabby was always the odd ball out but knew from an early age that she wanted to work in a creative field.

After moving to Los Angeles and falling in love with design she has set her goals toward learning and refining her skills and creating as much as possible.

Professional Work

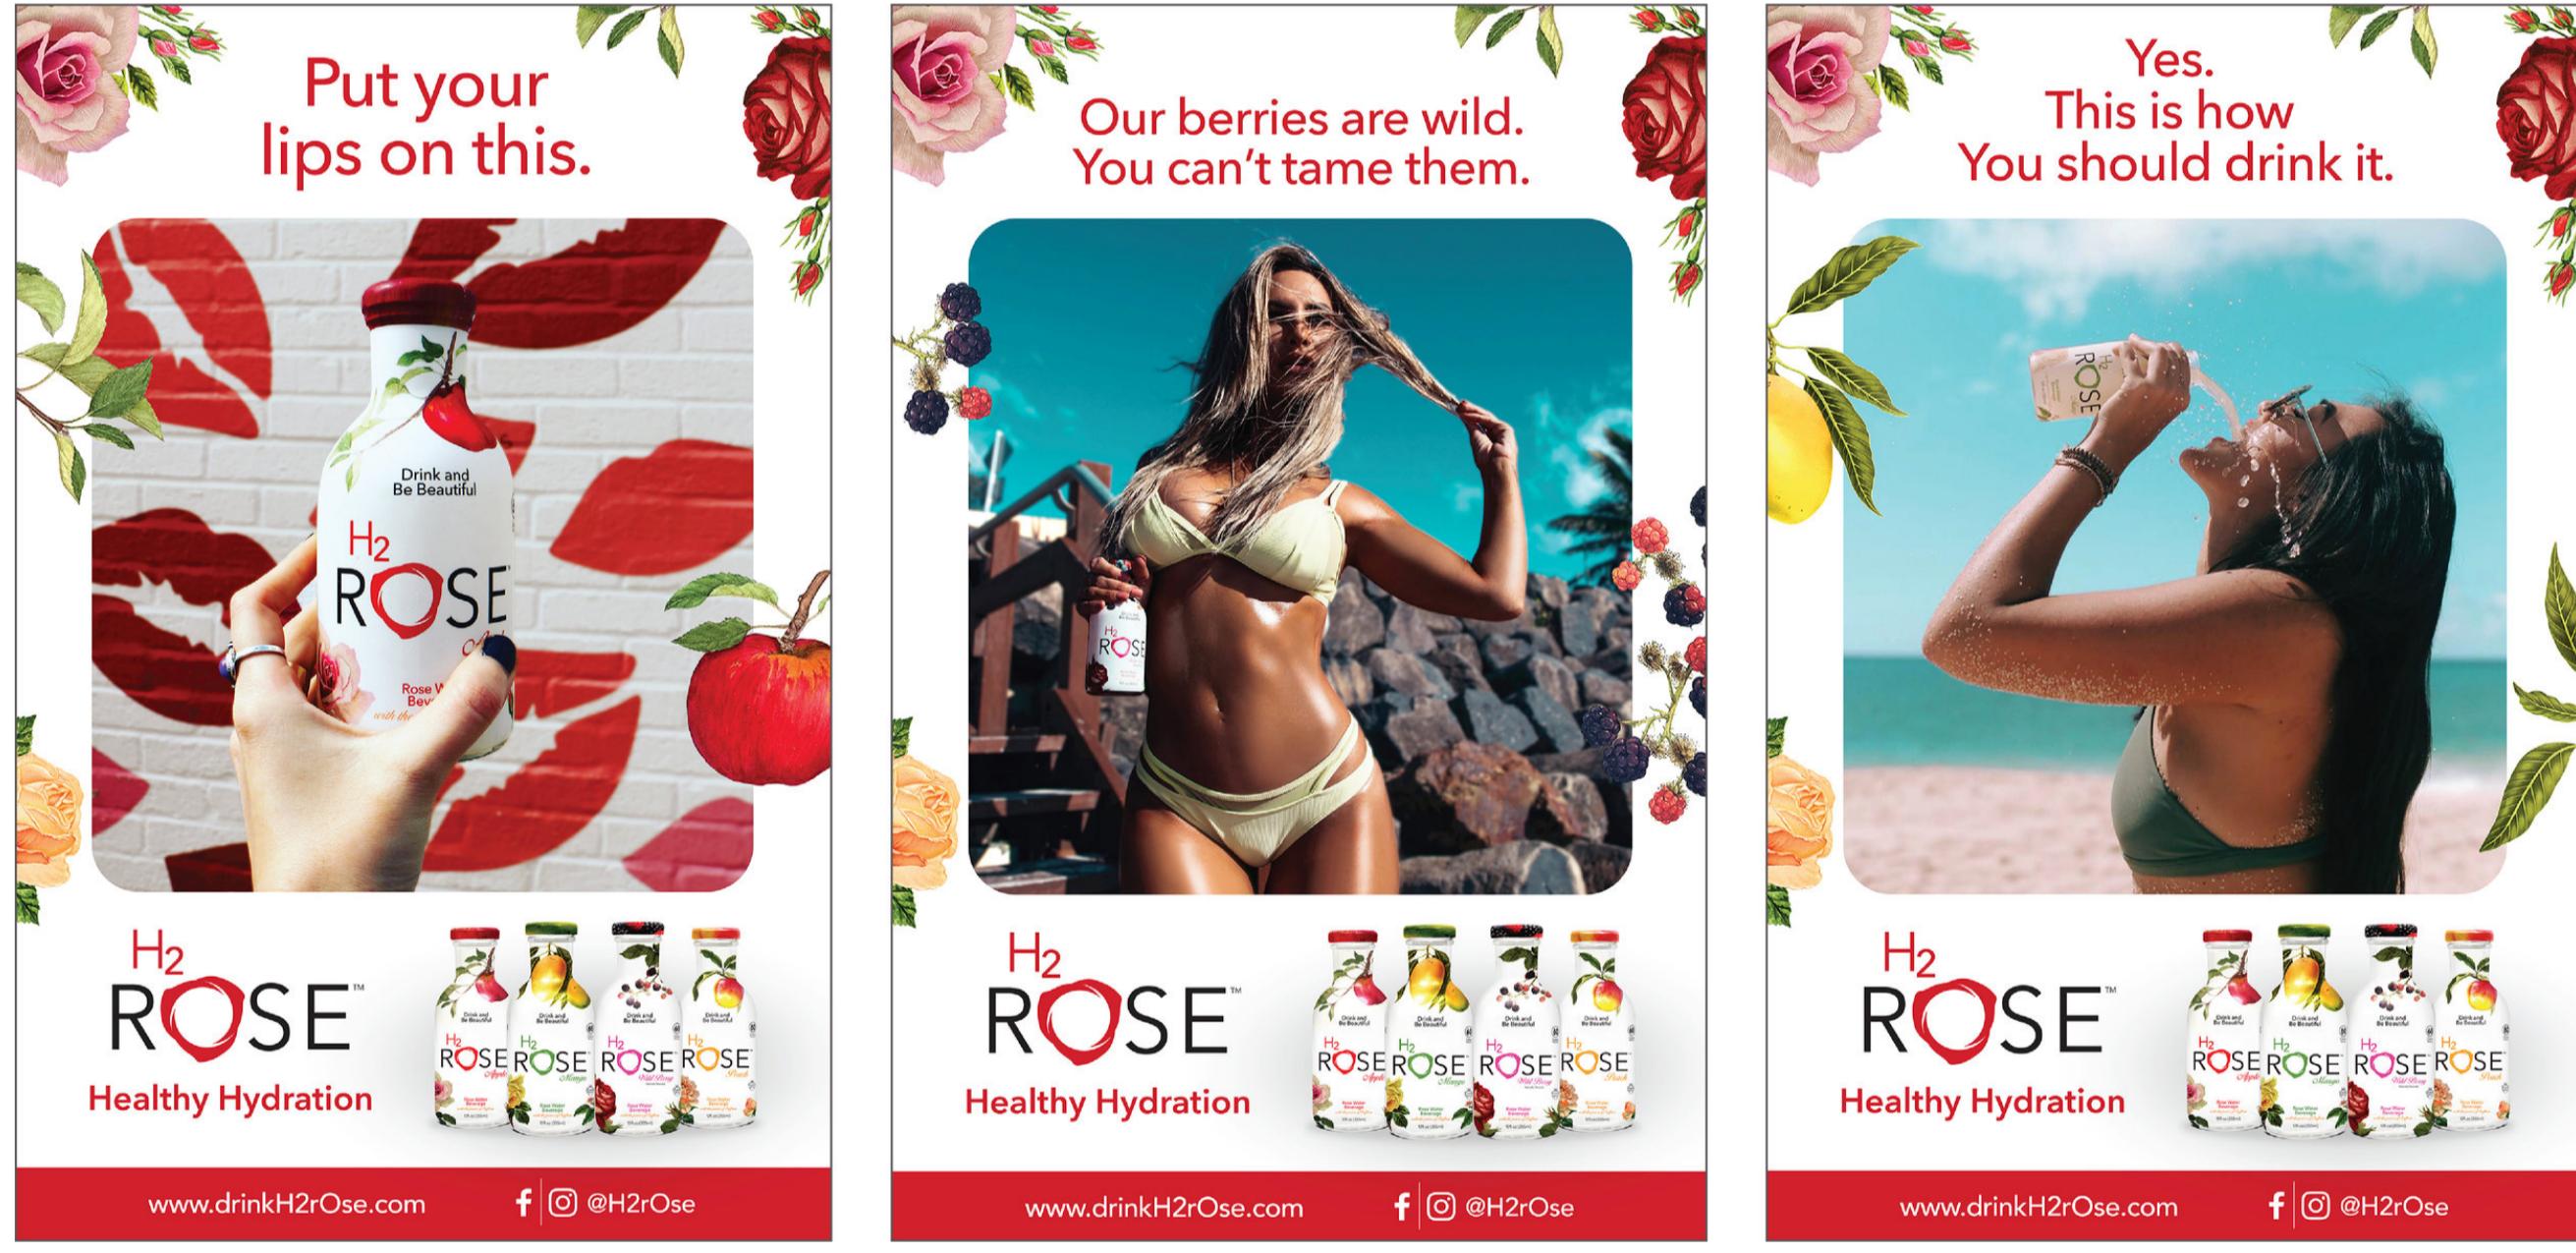

Projects

As a graphic design intern for freelance designer Adam Bice I collaborate with him in making packaging, weekly newsletters, billboards, bus shelters, signage, clothing tech packs and publications.

Billboard on Sunset & Highland

Bus Shelters

Product Photo Retouching
